

# BENEFIT CONCERT

September 5th, 2024

# MAGGIE ROSE

featuring

## Dear Friends & Members of our Island Community,

The urgency to address Nantucket's workforce housing shortfall has never been greater than it is right now. As the only nonprofit on the island wholly dedicated to this cause, Housing Nantucket plays a critical role in solving the problem. In the thirty years of our existence, we have created 155 rental and homeownership opportunities in scattered island neighborhoods, with another 23 under construction on track to be completed by year-end. By expanding our services, we can continue to tackle this complicated issue in meaningful ways.

On September 5th, 2024, Housing Nantucket will host a benefit concert to support our mission of creating equitable housing solutions for year-round residents. For the third year in a row, Emmy award-winning songwriter and Nashville-based artist Maggie Rose, will perform at the Chicken Box during a special evening of live music. Maggie's latest album, *No One Gets Out Alive*, was recently featured in Rolling Stone's 'Best Albums Of 2024 So Far' roundup, saying: "No One Gets Out Alive cements her reinvention as one of the most successful in Nashville history."

The primary goal for this event is to bring attention to our services and programs, which have an immediate impact on the year-round community, as well as secure solutions for future generations of islanders. Please consider supporting us through one of the event's sponsorship opportunities. You may also donate items or experiences to our silent auction. More information can be found within this packet.

The drastically declining number of community housing options threatens the island's long-term stability. Join us at The Box on September 5th as we raise funds to create solutions for this pervasive issue that affects us all.

Sincerely,

Anne Kuszpa, Executive Director

# About Housing Nantucket

**Housing Nantucket** is the island's only 501(c)(3) nonprofit solely focused on creating rental and homeownership solutions for the year-round community.

We employ a scattered-site model to offer price-accessible homes for Nantucket's workforce and their families. Our diverse programs encompass year-round rental housing, Covenant homeownership, house recycling, first-time homebuyer classes, and long-term housing stewardship.

Over the past thirty years, we have established more than 155 permanent housing opportunities for year-round residents. Currently, we have an additional 23 rental units under construction and several more homeownership opportunities in the pipeline.

Through a collaborative, multi-faceted approach, we implement practical actions that create lasting positive impacts for generations of islanders. With your help, we can extend our services to more residents in need. Your support enables us to broaden our reach and continue addressing the community's housing shortfall in meaningful and impactful ways.
